

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT  
PERMIT APPLICATION PUBLIC NOTICE**

**June 2, 2006**

**Permit Number:  
Permit ID:**

**OCRM-06-524  
54732**

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

**APPLICANT:** Richard Bryant  
1423 Alice Drive  
Florence, SC 29505

**LOCATION:** On and adjacent to Williams Creek at 341 51st Ave, North Myrtle Beach, Horry County,  
South Carolina.  
TMS#: 145-03-25-042.

**WORK:** The work, as proposed, will consist of modifying and replacing portions of an existing docking structure. Specifically, the applicant proposes to remove a two 4' by 16' walkways that connect to a 8' by 16' fixed pierhead. In its place, the modified structure will consist of a new 16' by 16' fixed pier, with the existing 3' by 12' ramp, and the existing 8.5' by 16' floating dock repositioned more towards the center of the property. The total square footage of the modified structures will equal the same total square footage of the original structures. Additionally, an existing 52' long bulkhead will be replaced with a vinyl bulkhead of the same dimension. The purpose of the proposed activity is for the applicant's private recreation use and erosion control.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

*To assure review by OCRM, comments regarding this application must be received by OCRM on or before June 17, 2006. For further information please contact the project manager for this activity at 843-238-4528.*
